

GHiii ORIGAMI

your charm for inspiring enerGHiii

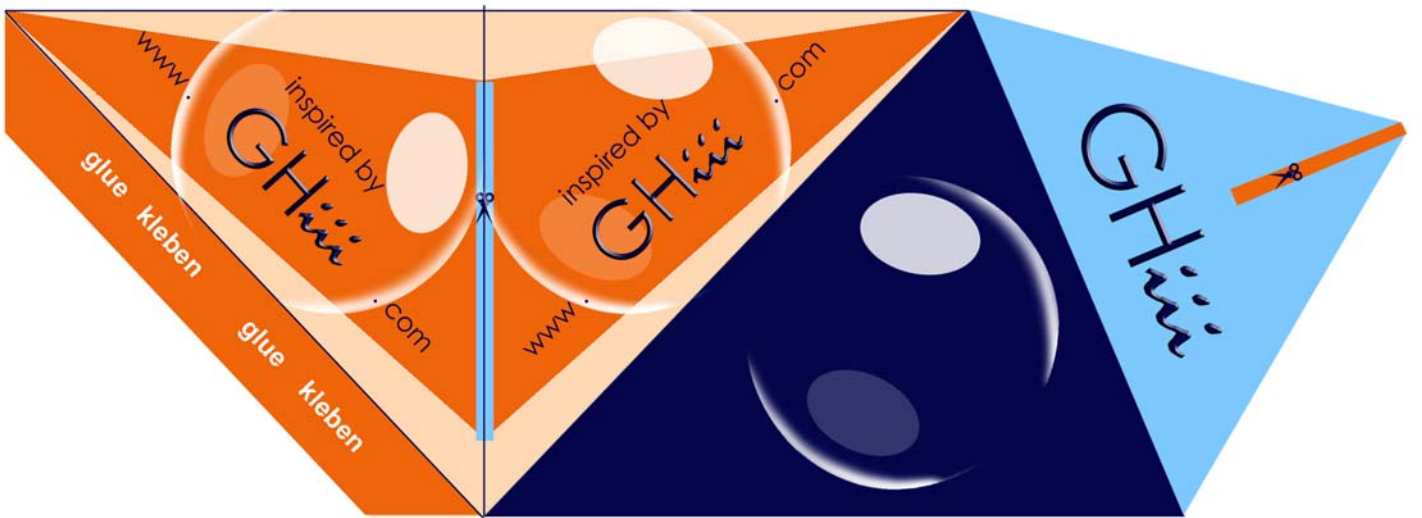

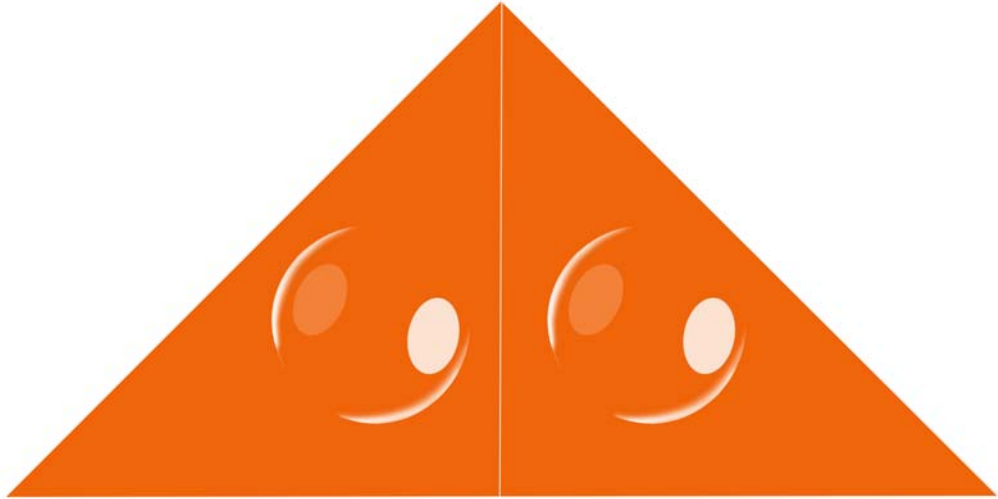

GHiii

GHiii
for you

inspire your life
with ener GHiii

inspire your life
with ener GHiii

bend backwards bend backwards

cut out the square template

cut along the indicated lines – leaving behind an orange frame so to ensure full colour till the edges

bend backwards to create an orientation middle line

unfold again and turn to the white backside

bend both ends towards this middle line

inspired by www.GHiii.com

turn anti-clockwise

fold the upper part down to the middle lines

fold the bottom part upwards to the centre

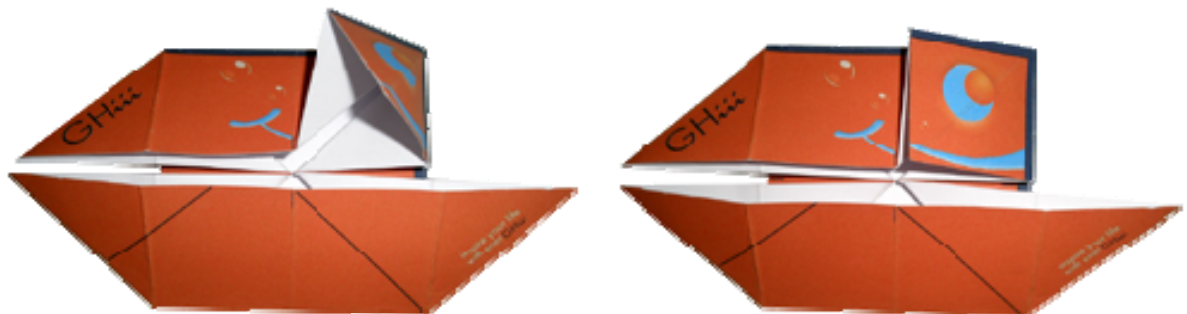

pull out the inner corners to create triangle edges

do the same for the bottom part

open up and press down the top right corner

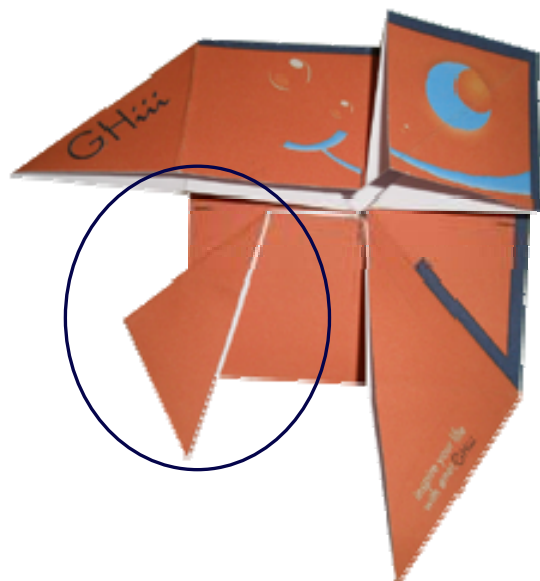

fold down the lower right corner along the diagonal line

to create the lower fin of the fish

fold down the back fin along the indicated line

turn around and

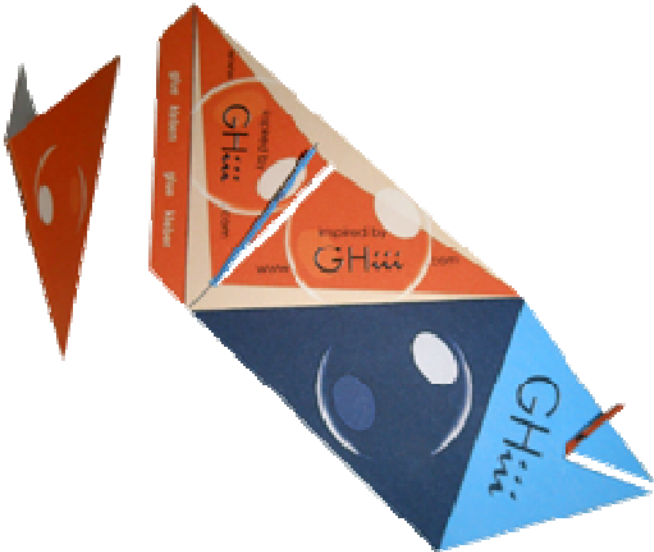

your GHiii charm will give you loads of inspiring vibes

And should you want to place your GHiii charm nicely on a display foot – here's the way to do so

cut out the two pieces

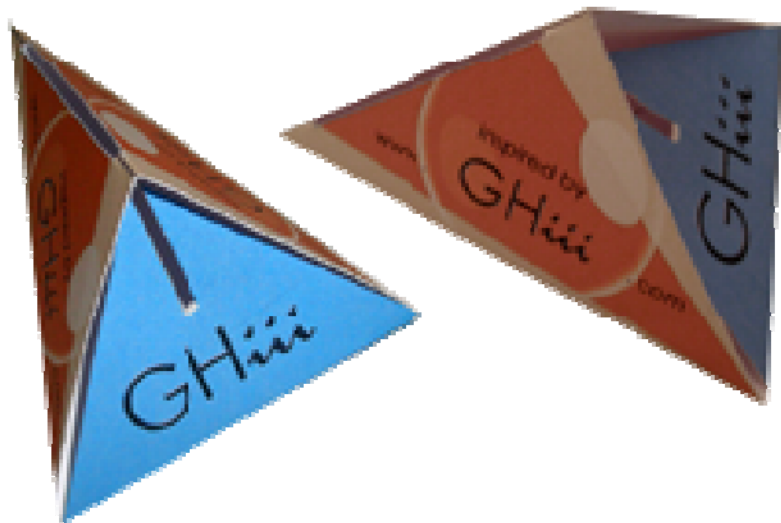

fold the triangle at the middle line
&
cut out the indicated slots from the foot stand

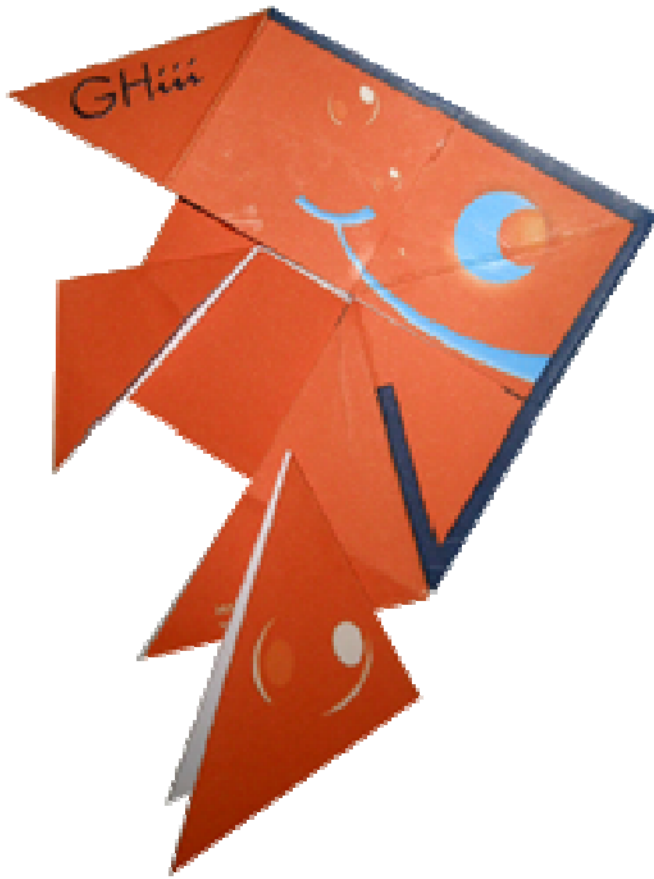

fold the foot stand along the colour edges

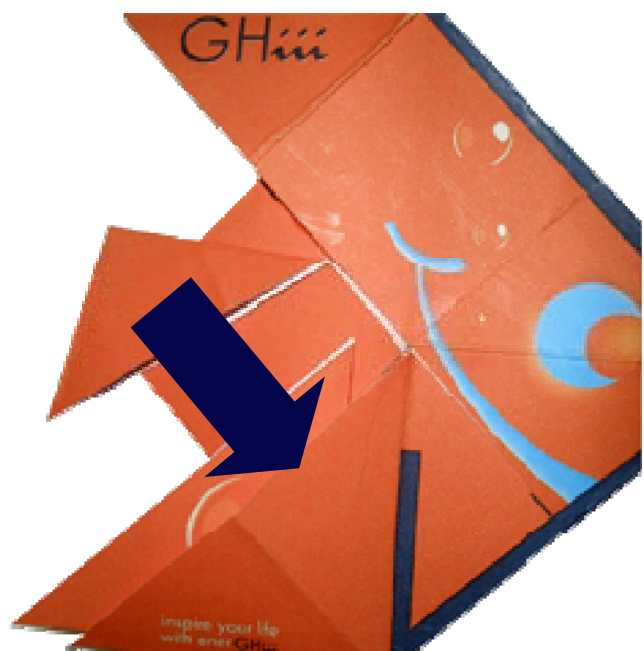

glue the ends together as described

finally the bottom fin of the fish needs a stabilising stiffener

insert the triangle stiffener into the fin

inspired by www.GHiii.com

insert the fin into the foot slot – and here you go

you can even slot in your personal GHiii charm card...

with all best wishes
Gerald Huber
